1st February 2024

Dear Parent/Carer

I am writing to inform you that during the Spring 2 term, Year 5 will be learning about puberty in animals for our Science focus. This will include the human reproductive system and the changes our bodies go through during this time. We will not be covering the sex and relationships aspects of the curriculum as this is a year 6 focus.

To keep you informed about exactly what your children will be learning and the resources we will use, we would like to invite parents to a pre-learning meeting. This will be on Tuesday 20th February at 5pm in our school hall. This meeting is for parents and carers only. We ask for children not to attend at this point.

<https://forms.gle/qjyL5LFFYwNWn3aZ6>

Please confirm your attendance using the link above (letter also sent electronically).

If you have any questions about this or the meeting please contact your child's class teacher.

Thank you for your continued support,

Yours sincerely

The Year 5 Team
