

7<sup>th</sup> January 2026

### Year 5 Bikeability

Dear parent/carer

We are able to once again offer Bikeability cycle training to our year 5 children. Bikeability will take place for four days starting on the 9<sup>th</sup> February. The children will have 1 session each day. Some sessions will take place on the playground and the more experienced riders will go out into the local community where they will learn how to navigate the roads and any potential hazards. Each group is led by fully qualified Pedal Power trainers. When the children are not in their sessions they will be in classes as normal. Children will need to dress for the weather and wear trainers, trousers, school uniform top, coats and potentially gloves. Children will not be allowed to ride a bike without a helmet.

It does not matter if your child has never ridden a bike before as the children are put into groups according to their experience. It also does not matter if the children do not have a bike or helmet as these can be provided for the training. If children do have their own bikes and helmets, then they can bring them to school each day and store them in the bike shed by the office.

To be involved you need to sign your children up and complete the form using the QR code overleaf. This must be completed by the **1<sup>st</sup> February**. After this date children may not be allowed to join as Pedal Power have to organise the groups.

All the information from Pedal Power can be found on the next page. If you have any questions, please contact your child's class teacher.

Thank you for your continued support,

Best wishes,

Mrs Furby  
Assistant Headteacher

## **Beechwood Bikeability Booking Form**

Is your child nervous on a bike or riding everywhere?

Bikeability helps **EVERY** child.

This **FREE** training builds confidence **AND** teaches riders how to be confident on local roads.

Training will take place during school on the week commencing 9<sup>th</sup> February 2026

Children learn at their own pace during school hours.

We can provide bikes and helmets to use to make sure no one misses out.

All children deserve these important skills, Scan the code and sign your child up today
